| | | Math! | | |
| | | Art! | | |
| | | Oceanography! | | |
| | | Dazzling Demos! | | |
| | | Medicine! | | |

I'm also writing to let you know that I'm teaching Chemistry Gurus the week of June 28th and would love to have more 3-5th graders in my camp! (Please spread the word if you know anyone!) We had SO much fun last year and here is a picture of our "Mad Scientists" from last summer:

The Box of Awesome for Chemistry Gurus comes packed with chemistry equipment for a variety of labs and hands-on activities! I also always include an activity that can be done outdoors to get the kids off of their screens for a while! My campers absolutely LOVED it last summer!

You can sign up at www.wisecamps.org!

Thanks!

~Melissa Baker :D
Co-Executive Director of Wise Camps
